## PREFACE

Great care has been taken to have these records copied correctly-the work has been done largely by W. P. A. workers. Clay County has been practically covered save a few private burial grounds.

May this work inspire abler hands to undertake to carry on to still further rescue other records from the dust of ages and the obliterating hand of time and remove the moss and lichen of neglect from more old grave stone records. Would that the same records of other Counties of Mississippi might be gathered for moss covered stones are being rapidly destroyed.

"To forget one's ancestors is to be a brook without a source a tree without a root." Proverbs.

To collect cemetery records will arouse interest in ancestors who have slept as long as the graves have existed. Co-workers, try this special work-it will cause you to feel we have all been warmed by the same sun-that we linger amid the same scenes, listened to the same tales of childhood, are enlivened by the same hopes and depressed by the same fears, for the same blood trickles through our life stream.

N.S. D.A.R. keep these records copied every fifty years for the sake of our Revolutionary soldiers.

Allie Everhart Miller (Mrs. E.B.)
